

## FORMULARY FOR CUSTOMER

### Confirmation on Strictly Controlled Conditions (SCC)

We hereby confirm that:

- We are aware of Regulation (EC) No. 1907/2006 (REACH Regulation) which outlines the new framework for chemicals management in the European Union.
- We understand the definition of 'Transported isolated intermediate' (as defined in Chapter 2 Article 3 (15) of the above regulation)
- We confirm to use the following product(s):

CAS-RN or EINECS-Nr.	Product name

- under 'strictly controlled conditions' as defined in Chapter 2, Article 18(4) of the above regulation, in particular *sections a) to f) defining the elements of strictly controlled conditions (SCC)*, namely:
  - a) the substance is rigorously contained by technical means during its whole lifecycle including manufacture, purification, cleaning and maintenance of equipment, sampling, analysis, loading and unloading of equipment or vessels, waste disposal or purification and storage;*
  - b) procedural and control technologies are used that minimise emission and any resulting exposure;*
  - c) only properly trained and authorised personnel handle the substance;*
  - d) in the case of cleaning and maintenance works, special procedures such as purging and washing are applied before the system is opened and entered;*
  - e) in cases of accident and where waste is generated, procedural and/or control technologies are used to minimise emissions and the resulting exposure during purification or cleaning and maintenance procedures;*
  - f) substance-handling procedures are well documented and strictly supervised by the site operator.*
- We understand that the same confirmation needs to be obtained from our customers in case the product is being sold to third parties.
